

Professional Certificate in Sexuality Education (2nd intake!)

30 CE points issued by Eros Coaching. Recognised by the American Association of Sexuality Educators, Counselors, and Therapists (AASECT)

Are you a healthcare or counseling professional looking to expand your knowledge and expertise in the field of sexology? Join Relationship Counselor and Clinical Sexologist Dr. Martha Tara Lee for a 12-week course that will take your skills to the next level.

This professional-level virtual training is designed for individuals with a strong interest in human sexuality and promoting sexual health and wellness. Criteria for joining the course include a Bachelor's degree in a related field, relevant work experience, good communication skills, and a commitment to ethical and professional practice.

Throughout the 12 weeks of coursework, you'll explore topics such as the history and evolution of sexology, human sexual anatomy and physiology, gender identity and sexual orientation, strategies for promoting sexual health and wellness, effective communication skills, consent and boundaries, diverse expressions of sexuality, sexually transmitted infections and contraception, couples therapy and sex therapy, sexuality across the lifespan, cultural competence in sexology, and ethics and professionalism.

Dr. Lee's engaging and interactive online coursework will challenge you to engage in self-reflection and personal growth as you gain a comprehensive understanding of sexology. You'll also have the opportunity to participate in online discussions and assignments with other professionals in the field.

This will be our 2nd intake due to popular request.

Don't miss out on this transformative opportunity to supplement your knowledge base and take your skills to the next level. Sign up for Dr. Martha Tara Lee's 12-week course today!

Criteria for joining the course

include:

1. Provide a personal statement outlining their interest in the field and their goals for completing the course.
2. A Bachelor's degree in a related field such as psychology, sociology, or healthcare is preferred.
